The the crowd was again limited to the the running in the Flatlands, but McIntyre had to drive him to win by a length in 1:09 2-5. Newton Bennington's Sidney F., 7 to 1, just out of the place. Frank Farrell's Clark Griffith was a big disappointment in the handleap for two-year-elds, five and a half furlongs. The Kinley Mack colt was hammered down to 5 to 2, but

The Kinley back colt was hammered down to 5 to 2, but was outrun by Lady Toddington, an early pacemaker, to the head of the stretch, and then finished third. The winner was Albert Simons's Monterey, 11 to 5 favorite, who came home three lengths before W. F. Schulte's Zienate, who soared in the odds from twos to eights. Lady Toddington was a had last, burning up a lot of money. The time was 110.

Spring, although he receded in the betting from 1 to 2 to 3 to 5, was pounds the best in the handicap at a mile and a furlong. Creamer took him to the front without minering matters, made all the pace and brought him home galloping half a dozen lengths before voladay, 6 to 1. The latter was whipped all the way through the stretch to beat Cigarilithe Digitis put up a cracking good finish on Sonoma Belle, the favorite in the fifth race, for mares, at a mile and a sixteenth, the Star Ruby filly just getting up in time to beat Jennie Mocabe, 8 to 1, a nose on the post. Lady Ellison, 4 to 1, was two lengths away. The time was 1:40 2-5.

Paddy Sullivan's Sir Walter colt, Samuel H. Harris, well played at 4 to 1, took the lead soon after the start in the last race, for maidens, one mile and 70 yards, and, fairly reveling in the going, he was never caught, Crimmins whipping him to the wire, three parts of a length in front of Baron Esher, backed down to sixes. The latter came from nowhere and had eight lengths over Saulsberry, 8 to 1. Urrysolite and Bella Signora, equal favorites, were badly beaten. The time was 1:49 3-5. The race was started in a fair sailing wind which developed into a gale, resulting in James O'Brien's Mohunk winning both cups, finishing first in the open and sloop classes, the Orange Lake Yacht Club boats running one, two, three. This is their second visit to Newburgh, James O'Brien winning the Decoration Day cup with the Mohunk. The next race will be sailed at Orange Lake for a cup presented by Commodore H. C. Higginson.

PURSE OF \$15,000 FOR SYSONBY AND ARTFUL.

Distance One Mile at Ten Pounds Below the Scale Jamaica Tariff Will Not Be Reduced-Sullivan Clan Clean Up With Samuel H. Harris in Last Race.

C. J. Fitzgerald, general manager of the Brighton Beach Racing Association, announced yesterday that he will make another attempt to bring Sysonby and Artful together in a sweepstakes to be run at the fall meeting at the Beach, which will follow the session at Gravesend. Mr. Fitzgerald will hang up a purse of \$15,000 for a race at one mile, the weights to be ten pounds below the scale, the only condition being that the wo star three-year-olds must start. Hamburg Belle and other good milers will be welcomed also, if their owners wish to start them. As Sysonby has not yet been turned out for the season, and as Trainer Rogers said the other day that Artful could not be made ready for the proposed sweepstakes at Gravesend, Mr. Fitzgerald has hopes that he will be able to pull off the big match at his track in response to the earnest wishes of the racing public. If Artful does not accept the issue at Brighton it is possible that the Westchester Racing Association may fall in line with an offer for a match to be decided at Belmont Park. But in spite of all the offers that have been made and others that may follow it is the general opinion among turfmen that Artful will never run up against the Keene champion. It is also probable that Trainer Rowe would is also probable that Trainer Rowe would insist upon a longer route than one mile if there should be a chance to race Artful, as the Melton colt has been taking part in so many long distance events lately that he might not be able to do himself justice at the route suggested for the Beach. Secretary Edwards of the Metropolitan

Jockey Club of Jamaica has just issued a formal statement to the effect that there will be no change in the admission rates at his track during the coming fall meeting. The charge for the grand stand will be \$3 for men and \$1.50 for women, with the field tariff at \$1. The field enclosure will not be such a vantage point as in the past, however, as the judges stand has been moved 165 feet nearer the paddock. This makes the unusually short homestretch longer, although it brings the horses who start in mile races dangerously near the sharp lower turn. The new arrange ment will make the grand stand the best place from which to see the finishes, so that it is believed there will not be the falling off in receipts that would have been the case under the former plan.

A similar change has been made at Belmont Park, according to Supt. Gorman, who was at Gravesend yesterday. The judges stand, which was directly opposite, the clubhouse during the spring meeting, has been moved 130 feet nearer the middle of the homestretch while the whole track has been sanded as is now lightning fast. This change will be a boon to the patrons of both stands, and those who frequented the field enclosure in the spring could see nothing of the finishes and the numbers were displayed on bulletins opposite their stand several minutes after the official placing had been made.

women's singles, women's doubles and mixed doubles. In the men's singles the championship cup is held by Ross Burchard, who will meet the winner of the event in a special challenge round. The winner in the men's doubles will be required to play H. and A. Torrance for the Mackie cup. The home club has a big delegation in each event and hopes to carry off the honors.

In the men's singles G. B. Case of Englewood is furthest along, winning his third round yesterday in straight sets. In the round before E. A. Jova of Powelton won a close three set contest from A. E. Coppell and a bit the better of it in the opening set, but Jova steadily improved and by careful line shots won the next two and the match.

Mrs. Pouch of Powelton, who has just won the Nyack Country Club cup, had considerable trouble in disposing of Miss E. H. Jewett of Englewood. The latter players showed surprising strength and held the points pretty even until the last set. In the men's doubles the Powelton pair, Pouch and Jova, were forced to the full three sets to defeat Chager and Gaines of the home club. The scores:

# Races to Be Sailed Off Newport To-day

The annual yacht races for the Astor cups will be sailed to-day off Newport and to-mor-row there will be similar contests for cups offered by Vice-Commodore Henry Walters. These cups were to have been sailed for during the cruise, but a northeast storm upset all the plans of the yachtsmen and new dates and new conditions had to be made. These races are for yachts in racing trim and they will practically represent the championships of the year for schooners and sloops. The yachts are to be started each day off Brenton's Reef Lightship and the regatta committee which will be on board Commodore Bourne's steam yacht Colonia will give the course shortly before the warning signal is made. There are two courses off Newport, each 38 miles in length. The first is to a mark off Block Island, then to West Island and home. The second is to the Vineyard Sound lightship, then to the Hen and Chickens lightship and home.

 NEW YORK (N. L.), 3; BROOKLYN, 2-PIRST GAME NEW YORK (N. L.), 3: BROOKLYN, 2—FIRST GAME.

The New Yorks are not making any great strides forward with the tailenders as opponents. In fact, they took a slight stride backward yesterday with the Brooklyns as opponents at the Polo Grounds. It was the second double-header in succession in which share and share alike was the outcome. The New Yorks had to go into their ninth inning to win the first game, and the Brooklyns floored them in the second after the Champions had assumed a respectable lead. The lowly band from the outlying district has played just as good ball as the New Yorks in this series so far. The New Yorks have not played with their usual vim for a week or so.

and as Taylor ran into McGann, Lewis's bunt was safe.

Taylor at this juncture retreated to the cyclone cellar, Wiltse gave Batch a base on balls. The bases were filled, and Hummel forced Gessler at the plate. Ritter smashed a hot one past Dahlen, which scored Lewis and Batch; Scanlon's siam to the center scored Hummel, and Ritter scored on Dobbs's out at first. Seven runs were about as stiff a dose of medicine as the New Yorks have had to swallow in one inning this season.

feat the Leaders-Detroits Victors. After dropping the first game in Philadelphia yesterday the New York Americans braced up and captured one game of the series, falling on Mack's new pitcher, Dygert, the man who beat them in New Orleans, tooth and nail. The Detroits nosed out the Clevelands. On account of rain there were no games in Boston and Chicago. The results Philadelphia, 4: New York, 3-First game. New York, 7; Philadelphia, 4-Second game

PRILADELPHIA (A. L.), 4; NEW YORK (A. L.), 3— FIRST GAME.

PHILADELPHIA, Sept. 12.—Philadelphia and New York broke even this afternoon. The first game was a pitchers' struggle between Coakley and Chesbro, in which errors figured largely. In the second game the Philadel-phians looked like easy winners up to the seventh, when young Dygert gave two bases on balls and hit a batsman. The vis-itors followed this up with three singles and a double, scoring six runs. In the second inning Orth was hit safely five times right off the reel, three runs resulting. He was succeeded by Puttmanns who shut the locals out up to the ninth when a double by Lord and a single by Davis gave them a run. The scores:

THIRD BIG LEAGUE PROJECTED. Tebeau, Watkins and Others Said to Be Behind the Move.

LOUISVILLE, Sept. 12.-If the plans of Manager George Tebeau, W. H. Watkins of Minneapolis and two or three other minor league magnates do not miscarry there will be a third big league in 1908, in which one, and possibly two, of the big league teams is expected to form a part.

The plans, it is said here, have been foment—

and possibly two, of the big league teams is expected to form a part.

The plans, it is said here, have been fomenting for some time and are what might be called the natural outgrowth of the long and bitter fight made by some of these men against the National Association of Professional Baseball Clubs.

The new, or rather proposed, association is not in any sense intended to be used as a weapon against the big leagues, nor will it fight them unless forced to do so. But it is organized, first, for the purpose of remedying certain evils which it is alleged now exist, and, second, to give a few of the larger cities not now getting major ball an article that will be the equal of that served anywhere.

As at present planned the cities included in the circuit are Louisville, Columbus, Mineapolis, and either Indianapolis, Toledo or Cincinnati in the West, and Baitimore, Washington and Brooklyn in the East, the fourth oity not having yet been determined on. It is difficult to obtain any sort of a positive statement from the parties most directly concerned.

It has long been known that Louisville was dissatisfied with the position she is holding in the baseball world. At this time Tebeau declines to talk about the new league, but contents himself with the statement that Louisville and the American Association will be found at the top of the heap, whatever that may mean.

There is a letter at this office for Oakley Wood,
The New Yorks will play a postponed game in
Brooklyn to morrow.

Lumley did some long range firin westerday,
He let fly with a home run, a triple and two singles.
Out of nine games played since they were at

Ed Barrow is to return to Toronto next season.
Since he left there he has managed the Detroit

Among the pitchers drafted from the minors
is Con Starkell, whom Griffith tried out last spring
and then cast adulf. He goes to Washington.
The Detroits are now tied with the Bostons for
fifth place, but as they are to make an Eastern
trip the chances are against their finishing better
than sixth.
